Course Overview

Alhamdulillah, INK Foundation is pleased to offer the full-time Tahfeez program for brothers. Our goal is to strengthen our connection with Allah ﷻ, Rasulallah ﷺ, and our Deen. by preserving, implementing, and disseminating factual, foundational Islamic knowledge and beliefs to the current and future generations of Muslims through accurate, classical and contemporary, understanding of Deen.

Our aspiration is to prepare Muslims, young and old, to be capable of adhering firmly to their Deen in practices and beliefs. We want ourselves and the future generations to be equipped with the necessary academic resources, textually and intellectually, to engage in academic discussion and resolve Islamic legal and social issues and challenges unique to our context.

Tahfeez

This is a full-time program providing a dynamic environment for a wholesome and enriching journey with committing the Qur'an to memory while instilling good character in order for them to become ambassadors of Islam. For this, we have teachers that have studied locally and have extensive experience and knowledge of teaching as well as the cultural sensitivity and understanding of our unique learning context. Hence, we strive to provide the best possible environment to learn the Qur'an and its teachings.
